PULP & PAPER 1982 Editorial Index

The 1982 Editorial Index contains complete listings of all feature articles and news stories published in 1982 issues of PULP & PAPER. Article listings are by subject, by company, and by author. News stories are listed by company and under 'general,' and articles and news stories covering activities outside North America are listed under the name of the country.

(Note: BG = Buyers Guide, November 15 issue)

Index by Subject

CHEMICALS		Calender rolls need special care	Aug 108
Chemical directory, names of suppliers	BG 149	Composite FRP/FEP pipe solves corrosion problem	Oct 170
Chemical Markets – Aluminum sulfate	Feb 231	Continuous welder restores retiner head webs	Apr 97
Chemical Markets – Hydrogen peroxide	Sep 261	Converting pumps to mechanical seals has benefits	Aug 76
Cliemical Markets - Polyvinyl alcohol	Apr 245	Correct size, type strainers protect fluid-handling equipment	
Chemical Markets - Sodium carbonate	Mar 221	Corrosion control reduces electronic failure	lun 176
Chemical Markets – Sodium chlorate	Aug 167	Dampers improve precipitator performance	Feb 73
Chemical Markets - Sodium hydrosulfite	May 229	Dryer cylinder resurfacing improved	Oct 88
Chemical Markets – Sodium sulfate	Jul 209	Energy management computer model in use	Jul 160
Chemical Markets – Sulfur	Jun 231	Energy-efficient design efforts pay off	Sep 79
Chemical Markets – Titanium dioxide	Jan 213	Fuel predryer improves wastewood boiler operations	Mar 154
Chemical Markets – Titanium dioxide	Dec 165	Good pump maintenance reduces problems	Apr 133
Chlorine dioxide generated without sulfur balance problems	Nov 114	High-efficiency motors require special adjustments	Jan 134
Silvichemical production review for U.S., Canada	Nov 73	High-pressure sodium lights cut costs	Sep 177
Status report on current use of anthraquinone	Nov 98	High-speed refiners require special bearing care	Mar 170
Survey of chemical supply for the pulp and paper industry	Nov 54	Insulated pipe supports can reduce heat loss	BG 41
		Low-grade heat recovery key to energy conservation	Jul 55
COATING/SIZING		Maintenance Tips - Combatting corrosion	Jul 185
Annual coating survey	May 119	Maintenance Tips - Conductivity meters, turbine governors	Nov 161
Calcined clay reduces coating costs	May 128	Maintenance Tips - Corrosion problems with wires	Aug 145
Coated groundwood mills facing downtime	May 147	Maintenance Tips – Dissolved-solids meters	Apr 215
Coating metering bar comparable to blade coater	May 141	Maintenance Tips - Don't forget steam tracing	Dec 145
Continuous coating kitchen feeds to on-machine coater	May 138	Maintenance Tips - How to get lasting motor, valve ID	Dec 145
Four-station off-machine blade coater on-line	May 122	Maintenance Tips – Mechanical engineers	Oct 187
Off-machine coater control reduces variations	May 150	Maintenance Tips - Motor base problems	Jun 201
		Maintenance Tips - Oil analysis	Mar 195
ENERGY CONSERVATION		Maintenance Tips - Preventing refiner wrecks	Dec 145
Comment - Energy approaches for the future	Nov 192	Maintenance Tips - Streamlining spares inventory	Sep 233
Energy management computer model in use	Jul 160	Maintenance Tips - Troubleshooting chain drives	Feb 193
Industry makes significant gains in energy use	Nov 96	Management methods improve mill productivity	Sep 174
Low-grade heat recovery key to energy conservation	Jul 55	Maximum steam use key to efficient cogeneration	Apr 175
Optimum byproduct power generation reduces costs	Mar 149	Metal spraying extends dryer cylinder life	Jan 66
Power use in existing pumps cut by minor modifications	Mar 182	Mill improves centrifuge design to prevent motor burnout	Dec 89
Vacuum unit offers low energy consumption	Apr 138	Mill modernization should consider human resources	Sep 102
Variable-speed pump drives reduce energy use	Jul 79	Modern maintenance: a matter of communication	Dec 92
Washington Viewpoint – Hydropower development	lun 45	Motionless mixer eliminates flocculation problems	BG 38
		Negotiating mill work practices: maximum benefit guidelines	Dec 112
ENGINEERING/MAINTENANCE		New maintenance control system for Abitibi-Price	Dec 59
Adjustable-speed a.c. drives reduce downtime	Dec 75	Nonasbestos material gaining wider use as linings	BG 40
Aramid fiber packing increases seal life	Jun 134	Nonasbestos pump packing reduces downtime	Oct 154
Bleach washer drums renovated with PVDF	Dec 98	Optical tools offer fast alignment of rotating machinery	May 185

			. 242
Planning major equipment shutdowns pays dividends	Sep 106	Comment – Congress should expedite RARE II	Apr 262
Planning maximizes salvage in mill-site demolition	Sep 77	Labor/Management – Inflation, disinflation	Aug 37 Jan 43
Planning optimizes employee training program	May 168 Mar 72	Washington Viewpoint – Breaking leasing provision Washington Viewpoint – Federal timber contracts	Sep 43
Power use cut with new energy-efficient pump motors	BG 34	World Review: Pulp and paper industry	Aug 49
Proper selection of tank linings key to cost savings Product Review – Boilers/power	Nov 173	U.S. paper products still down in third quarter	Dec 21
Product Review - Electrical/drives	Oct 203	O.S. paper products star down at that quarter	Dec 2.
Product Review - Engineering/safety	Jul 197	FINISHING/CONVERTING	
Product Review - Maintenance	Jun 215	Automated labeling reduces distribution costs	Mar 137
Product Review – Materials handling/testing	Dec 157	Automating precision sheeters reduces downtime	Oct 171
Programmable controller optimizes woodyard	Jun 107	Monitor improves sheeter performance	Oct 68
Proximity switches for mill application	BG 33-	Improved equipment boosts sheet-finishing efficiency	May 92
Pump acting as turbine provides emergency lube	Oct 132	On-machine calender produces supercalender quality	Oct 155
Pump selection key to increased energy efficiency	Feb 97	Review of finishing equipment at fine paper mills	Oct 151
Recausticizing system cuts fuel costs	Aug 130	Supercalendering techniques used in Europe, U.S.	Mar 184
Safety on millsite construction requires planning	Sep 200	Wide tissue winders improve productivity, costs	Oct 109
Single-source services cuts construction costs	Sep 199		
Team-management improves construction productivity	Sep 171	MANAGEMENT	
Thermocompressors efficiently recycle dryer steam	Feb 160	Aseptic cartons off to fast start in U.S.	Oct 168
Titanium offers maximum corrosion control	BG 28	Battle coming between paper and electronic media	Jan 130
Trend to merit shop construction increases	Sep 178	Business Outlook - Canadian profits will be down	May 45
Troubleshooting d.c. drive systems	Dec 53	Business Outlook – Delayed recovery seen	Jul 45
Twin-bed burner handles all coal types	Aug 107	Business Outlook – Prospects for nonpaper pulp	Sep 45
Variable-speed pump drives reduce energy use	Jul 79	Business Outlook – Recovery may increase pulp prices	Mar 47
Video system cuts digester inspection costs	Apr 192	Capital spending survey of U.S. and Canadian mills	lan 105
Web-cleaning system solves dust problem	Apr 193	Career Development – Art of being flexible	Jul 177
Weyco mill reduces lubrication costs	Dec 110	Career Development - Developing management skills	May 199
		Career Development – Handling employee complaints	Mar 187
ENVIRONMENTAL CONTROL—AIR/WATER QUALITY		Career Development – Managing in hard times	Dec 137
Aeration system cuts waste treatment costs	Jul 102	Career Development – Managing the marginal performer	Aug 137
Comment – Action on acid rain needed	Oct 230	Career Development – New job, new department	Apr 205
Comment – Hazardous waste rules in motion	Sep 276	Career Development – On making decisions	Oct 181
Composting offers alternative for sludge disposal	Nov 127	Career Development - Overcoming resistance to change	Nov 153
Environmental conference focuses on sludge	Jul 163	Career Development – Quitting without leaving	Jun 193
Product Review – Environment	Apr 229	Career Development – Selling ideas to boss	Feb 185
Sludge system reduces landfilling needs	Jul 124	Career Development – Taking the lead	Sep 225
Treatment plant handles mill and city effluent	Jul 61	Career Development – Time for a job change	Jan 173
Washington Viewpoint - Clean Air Act	Mar 45	Chemical Markets – Polyvinyl alcohol	Apr 245
Washington Viewpoint – Environmentalists gaining ground	Nov 39	Chemical Markets – Sodium chlorate	Aug 167
Washington Viewpoint – EPA defends position	Aug 35	Chemical Markets – Sodium hydrosulfite	May 229
Washington Viewpoint – Natural gas decontrol debate	Feb 39	Chemical Markets – Sulfur	Jun 231
Washington Viewpoint – Trouble for air and water acts	Jul 43	Chemical Markets – Titanium dioxide available	Jan 213 Oct 230
Washington Viewpoint – Water act – liquid refreshment	Dec 37	Comment – Action on acid rain needed	May 246
EXPANSION/MODERNIZATION		Comment – Canada's future good in long term Comment – Congress should expedite RARE II	Apr 262
Buckeye Cellulose mill producing fluff pulp	Jan 58	Comment – Congress should expedite NARE II Comment – Decontrol natural gas prices	Dec 176
Chesapeake modernizes West Point (Va.) mill	Apr 122	Comment – Encouraging Canadian investment	Aug 182
Container Corp. completes project at Brewton (Ala.)	Apr 136	Comment – Energy approaches for the future	Nov 192
Cornwall upgrades mill to increase output, quality	Mar 90	Comment – Forests: cash crop or sanctuary?	Jun 246
Federal upgrade boosts capacity at Riegelwood (N.C.)	May 165	Comment – Greater attention to R&D needed	Jul 222
Fourdrinier rebuild increases LWC capacity	Jul 157	Comment - Hazardous waste rules in motion	Sep 276
Georgia-Pacific converts boiler at Lyons Falls (N.Y.)	Nov 146	Comment – Long-term outlook for recycled fiber	Feb 246
Georgia-Pacific modernizes Crossett (Ark.) mill	Aug 103	Comment - Looking ahead to year 2000	Mar 238
Hammermill rebuilds machine at Erie (Pa.)	Apr 75	Comment - Reaching knee of the curve	Jan 230
Hydroelectric power offers stable, cheap energy source	Feb 114	Conference highlights twin-wire forming advances	Apr 172
MacMillan Bloedel brings secondary fiber plant online	Jul 148	CPPA Annual meeting - Management Session	Apr 151
Madison (Maine) expansion ups GW capacity	Aug 90	CPPA Annual meeting – Technical Section	Apr 118
Newfoundland linerboard mill converted to newsprint	Mar 165	Discussion of process-automation in next decade	Feb 118
New twin-wire machine ups output at Chillicothe (Ohio)	Sep 153	Effects of tax laws on forest yields	Jun 157
Newsprint machine upgraded with new twin-wire former	Sep 150	Fiberboard industry feeling effects of recession	Jul 144
Niagara of Wisconsin completes expansion	Jun 153	Folding carton industry buying more recycled paperboard	Dec 107
Pioneer twin-wire unit starts up	Oct 128	Future of sulfite pulping assessed	Apr 93
Rebuilt press operates without suction rolls	Sep 195	Grade Profile - Bleached paperboard	Aug 39
Roofing felt plant starts up at Russellville (Ala.)	Apr 170	Grade Profile - Coated groundwood papers	May 47
Spaulding Fibre installs specialty paper machine (N.H.)	Feb 116	Grade Profile - Coated printing/writing papers	Apr 49
St. Regis adds LWC paper capacity at Sartell (Minn.)	Dec 82	Grade Profile - Linerboard	Feb 41
St. Regis converts machine to newsprint at Sheldon (Texas)	Feb 138	Grade Profile - Newsprint	Jan 45
St. Regis produces stress kraft at Pensacola (Fla.)	May 64	Grade Profile – Recycled paperboard	Jul 47
Stone Container expands mill at Florence (S.C.)	Mar 130	Grade Profile – Tissue	Mar 49
Constitution to a serious for addition and a serious	May 187	Industry makes significant gains in energy use	Nov 96
Swedish machine has unique fourdrinier, press section	1 490	Industry prospects and problems reviewed	May 189
Top-wire unit added to newsprint machine	Jun 179		
	Dec 69	Industry upturn seen for second half	May 89
Top-wire unit added to newsprint machine Transformer maintenance: guide to proper inspection Upgrade in washing and deinking improves pulp quality	Dec 69 Jul 125	Labor/Management - Health care costs	Oct 39
Top-wire unit added to newsprint machine Transformer maintenance: guide to proper inspection Upgrade in washing and deinking improves pulp quality Upgrade of lime handling system cuts fuel costs	Dec 69 Jul 125 Aug 130	Labor/Management – Health care costs Labor/Management – Human resource manager, Part II	Oct 39 Apr 47
Top-wire unit added to newsprint machine Transformer maintenance: guide to proper inspection Upgrade in washing and deinking improves pulp quality Upgrade of lime handling system cuts fuel costs Weyerhaeuser starts LWC mill at Columbus (Miss.)	Dec 69 Jul 125 Aug 130 Nov 117	Labor/Management – Health care costs Labor/Management – Human resource manager, Part II Labor/Management – Inflation, disinflation	Oct 39 Apr 47 Aug 37
